

## Gynae & Obs

- 1) What is PAP Smear?
- 2) What is dysmenorhea?
- 3) Causes of Infertility?
- 4) Name methods of permanent contraception?
- 5) History of Menstruation
- 6) Obstretic history
- 7) Indications of Contraception
- 8) What is Partograph or partogram?
- 9) Antepartum hemorrhage
- 10) Postpartum hemorrhage
- 11) Causes of weakness in pregnant women
- 12) Stages of labour with duration
- 13) Causes of menopause
- 14) Signs rupture of membranes

## Surgery

- 1) What are the major causes of Secondary Hypertension?
- 2) What is seen in CBC if patient is suffering with Iron deficiency anemia?
- 3) Treatment of Iron deficiency anemia?
- 4) On plane abdomen x-ray of perforated duodenal ulcer , what is significant sign?(Air under diaphragm)
- 5) Causes of pain in epigastric area?
- 6) Treatment of hypothyroidism
- 7) What are significant methods of surgery in hyperthyroidism?
- 8) Clinical D/D of Hyper, Hypo and Euthyroid?
- 9) Glassgow's coma scale

## Pediatrics

- 1) Composition of ORS
- 2) Plan of vaccinations in children
- 3) Causes of hepatomegaly
- 4) Causes of splenomegaly
- 5) Name 3 commonest organisms causing bloody diarrhoea(Rotovirus,histolytica entemoeba, Salmonella typhi)
- 6) Common causes of diarrhea
- 7) History of child with acute diarrhea from his father
- 8) Signs of dehydration
- 9) Treatment of dehydration
- 10) Treatment of thalasemia
- 11) Examination of abdomen

## Ophthalmology

- 1) What is Cataract?
- 2) Types of cataract
- 3) Surgical treatment of Cataract
- 4) Causes of Red eye?
- 5) What is corneal ulcer? Types and treatment
- 6) Common cause of blindness
- 7) Name the causes of orbital swelling
- 8) Causes of retinopathy
- 9) What is ptosis?
- 10) Lens opacity
- 11) Examine the eye?
- 12) Check motor functions of eye?
- 13) What causes 6<sup>th</sup> nerve's lesion?

## ENT

- 1) What are the parts of throat?
- 2) What is laryngeal crepitus?
- 3) Examination of oral cavity ,nose,throat
- 4) What is laryngeal palsy?
- 5) Causes of otitis media , types, treatment
- 6) Method of fixation of Head Mirror , lifting Nasal Speculum (Thudiculum)
- 7) Test nasal patency
- 8) Uses of Aural(ear) speculum
- 9) Causes of airway obstruction

## Medicine

- 1) Myocardial infarction , causes , signs , symptoms, investigations, treatment
- 2) Causes of hepatosplenomegaly
- 3) Treatment of Malaria
- 4) Signs of upper and lower motor neuron lesion ( Upper- A –reflexia,trophy,tony  
Lower-Hyper-reflexia,trophy,tony)
- 5) CVS examination
- 6) Abdomen 's examination
- 7) Knee jerk reflex , ankle reflex
- 8) Method of checking tone of muscles
